The Bangalore Woollen, Cotton & Silk Mills Co. Ltd

Bangalore, 30th January 1900

The Secretary to Mysore Government
General Department
Bangalore

Sir,

We have the honor to enclose Copies of our letter of the 30th August last, addressed to the President of the City Municipality and of his reply thereto in December last. —

From the Correspondence you will see that the President has refused our request on the ground that the road is required for Municipal pur=poses. —

We may add that the road is a dead one, and is never used excepting for the purposes mentioned in our letter, and we have reserved a width of 6 feet for a municipal drain if necessary outside our wall. —

We trust you will see your way to granting us this small piece of land, for which

which we are willing to pay whatever is consid=
=ered a reasonable price. Our Compound
is gradually being built upon, and we urgently
require more room for stacking fuel etc, hence
our request. -

We have the honour to be
Sir
Your most Obdt Servts

No. _____

From

THE PRESIDENT,

MUNICIPAL COMMISSION,

BANGALORE CITY.

To The Secretary to the Government of Madras Revenue Department

Sir,

With reference to your official memorandum No. 9147 ~~Ft 303-96~~ dated 10th instant, forwarding for record a letter dated 30th January last from the Agents of the Bangalore Woollen, Cotton and Silk Mills Company, applying for the disused road on the southern side of the Mills premises & have the honour to state as follows:-

2. In August 1899, the Agents of the Company first applied for the stretch of land marked L M C E in the accompanying sketch stating that they were having in need of more

for the Extension of the Works. after
some consideration the above Land &
Reversionary Right was made over
to the Company, as a special case
Collecting Sales value for it.
2 The Land is now applied for as
ABEF in the sketch and measures
1630 Sq. Yds. at the Board meeting
of the 21st December last it was
represented to the Committee
that it was under consideration
in the Sanitary Department (1) to have
a Storm-Water-flow sewer
for Connection to the new sewer
(Near K in the sketch) of the new &
Extended Drainage Scheme, and to
Lead the overflow into the Canal
along the roads AEF and BGKH.
2) to open out more ground on its northern side
as possible of existing Habitations
as prospective Allotments Ground
on the City. South Western, it was
said a sewer as Sporting Ground of
the Cathedral authorities had been

area by acquired in the City. In the present case the roads ABEF and BGKH form the boundaries of the Bell Street and the lands belonging thereto on the North and the Western sides. Further it was also stated that the main in question were connected to approaches to the main lodge and there would be a constant traffic of water carts on these roads, as that part of the land was the only portion which could easily be reached from the City for obtaining tank water for purposes for which the use of pipe water is prohibited.

3. For the foregoing reasons the Board did not decide to grant with the disputed road ABEF and accordingly their decision was duly intimated to the Company in this Office letter No. 872 dated 26th December

made the present reference to Government has been made.

4. The enclosures of the memorandum under reply are herewith returned.

I have the honour to be
